Joel Wachtel and the CTS team are nothing short of the benchmark in the IT business for others to strive for. They fiercely protect their client's privacy of information, are always friendly, available, with the ability to work remotely, helpful, knowledgeable and constantly make every effort to stay informed in this rapidly changing field for their client's needs for today and in the future.

As I said before it is my pleasure to recommend Mr. Joel Wachtel and the staff of CTS.

Regards,

MSA Consulting, Corp.
